

Lions Gate Council – May 24, 2012
Wymarcha Hektanah Doiron

Seneschale Report – Caitrina inghean Aindriasa

- LG-Announce list has been deleted.
- Checked on Chamberlain and Edrik would like to complete his term (November 2012)
- Contacted previous Librarian – have the books been returned to the Barony? (Only have pamphlets and brochures, three boxes of books still coming in.)
- Contacted Donatello about insurance and pyrotechnics at Sealion. He's stated proof of insurance is sufficient and now has a copy. Pyrotechnics is still a question as he's concerned about how close the site is to the US border but has after discussion about what Dr Carus is hoping for, has said yes.
- GOLD KEY is in the house! Gold Key tabbards are now back in the Barony's hands and I'd like to thank Tamsyn for assisting in their return.
- I have a receipt for the named insurance required for ToA for \$50 for reimbursement as it had to be paid for by credit card before the SCA would process.

Watch – Garet Doiron

Nothing to report, no injuries, no deaths – gearing up for Sealion War (Have to check through the constab tote)

Exchequer – Asny Ravensdottir

First quarter is done! Will be handed in at Sealion. Our balance is \$1168.20!

Chamberlain – Edrik

We have an inventory system in place now, which needs to be populated. Need regalia back.

Gold Key:

Tamsyn in possession of the gold key tabards and banner. They will be at this weekends event.

Sable Loat Pursuivant (Herald) – Garet Doiron

Have one request for name/device to be submitted (which has not actually been submitted to me yet).

Will be working with his Excellency on his device.

Followed up on William of the Battered Helm, his device may actually go through (after 17

years)!

Attended the Kingdom Heralds meet at Crown, was..interesting. Got some good advice, and a chance to list herald at Crown.

Master of Stables – Griffin

All going well, practice well attended. There was no practice on May 15th or 22nd due to the rodeo. On the 29th we move outside.

Defender's Tourney was held at Antioch and was successful, no injuries or incidents.

Lists Mistress reports she actually ran lists for Defenders and it went swimmingly.

From deputy Elora:

Lions Gate and Lionsdale currently have 26 authorized combat bow & arrow and/or crossbow authorized combatants.

Lions Gate and Lionsdale currently have 18 authorized hand thrown weapons authorized combatants.

There are no current separate practices for these disciplines but people have been practising at the Cloverdale practice. No injuries or incidents to report.

June 1st - 3rd Lionsdale is holding their Champions Tourney where the missile competition will be organised by Caitrin ni Cingeadh, the current champion.

Lists at Antioch – went well!

Archery – Jaqueline Lefleur

Archery Report May 2012

The Winter Quarterly Archery report was completed and submitted in good time to the almost-no-longer-new Principality Archer, Archos Gareth Hayden.

Practices are running regularly outdoors at Burnaby Butts on Mondays and Thursdays. We celebrated no-Wellis-needed day last week at the range. Attendance continues to increase. We have three new archers who are very keen on learning.

I was unable to complete the archery handout in time for Antioch, but will be continuing with the plan to collect information from my fellow archers. This should be completed over the next month.

I have sent new copy for the archery practice page on the Baronial web site and it has been updated. I have also asked for the practices to be added to the calendar page.

Events:

No injuries to report.

Antioch and Lions Gate Defenders was an outstanding success! The public showed great interest in the archery display. The Lions Gate Archery Defender tournament had a dozen archers take part, and was won this year by Archos David of Tiriane. I gave 10 targets to Archos Aline de Seez, the outgoing defender, in exchange for the ones she used to create the tournament.

Baronial equipment:

I refurbished the baronial wood and fiberglass Bob Cat bow. It will be put into good use immediately for our newest archers.

I will have the archery equipment proposal in at next council so that there will be time to create new arrows and have some more archery loaner gear before Tournament of Armies. Another set of targets will be needed soon. I have learned that Boorman Archery stocks target centres. Using these will allow targets to be used for twice the time as the centres can be replaced. A set of these and more targets will be purchased soon.

I have not completed the baronial inventory as some gear still resides with HL Delwyn verch Ynyr. Archos Kenneth has promised to continue to try and reach her.

Master of Blades – Mattias Blennerhasset

No Report.

Lists – Caitrin ni Cingeadh

No report.

Chronicler – Wymarcha Hektanah Doiron

The Minutes are up to date. The North Wind will be a bit late this quarter – no content submitted so far (forgot to put out reminder about deadline – somewhat ironic), will get to it in a couple of weeks.

Officer of the Month bios?

Library – Ylas

Got three boxes of pamphlets and achieves from Mariko now

Arts and Science – Myrrim de Lancaster

Deputy Dr. Carus:

Antioch: Lots of great demonstrations, Sealion science point for stage prop, inspiration by Midsummer's night dream. Antioch: Won the A&S SCA for Pilgrim's staff.

Bardic – Azure Mary Macgregor

No report.

Bransle – Jaqueline Lefleur

No report.

Dance – Rhiannon ap Gwynedd

No report.

Games – Uilliam MacAndrew (?)

I have all of the games – all of them were at Antioch, lots of people stopped by to play games

Chatelaine – Tamsyn le Rous

No report. Has some ideas and plans. Newcomers meetings moving to event room in my complex. See Tamsyn for details.

Scribe – Aelana Cordovera

Scriptorium met on Sunday May 20th 2012

Aelana, Myrrim, Tamsyn, Marie and Solveig attended and handed in completed scrolls. Ylas dropped in for a visit to complete the party.

We have scrolls ready for Sealion War, and I will present myself to the B&B on Friday night for signing if I do not make it to Council. I have two students, and if they both show I won't have time to make it from Arbutus.

Next meeting will be in June on Father's day. I believe this will be the final meeting of my term. We will try to get some charters made up in advance to facilitate the turn over.

Webminister – Malie Rennick

This month has continued the random updates as needed/noticed, most especially updating the new Heavy, Archery and Rapier Defenders for Lions Gate. Caitrina and I are working on the new site, and I *should* have something concrete to review in the next month, barring something major going awry.

Past Events

Upcoming events:

Sealion: Starts tomorrow, hope it goes well. Looking for Rapier Marshal. Vote on float. Passed, two abstain

TOA:
Updated budget?

Sergents
Dontatello's farm
We have candidates

Harvest bransle – Meredith volunteered to event steward.

August Investiture – needs an event steward

Other Business:

Antioch feedback:

Combing made things hectic – we should stay later in the day, we had too short a time span. Nice exposure with the farmer's market. Using Google analytics – is there a spike of hits on our webpage after demo?

Baron's Report
